33rd Sunday in Ordinary Time (14th – 15th Nov 2026)

Responsorial psalm response:

"Blessed are all who fear the Lord."

Mission Appeal from Lepra will be held at all masses on 14th and 15th Nov.

Second Collection for Catholic Youth Service will be taken at all Masses on 22nd and 23rd Nov.

Saint Michael Archangel,
defend us in battle,
be our protection against the
wickedness and snares of the devil;
may God rebuke him,
we humbly pray;
and do thou, O Prince of the heavenly host,
by the power of God,
cast into hell Satan and all the evil spirits
who prowl through the world
seeking the ruin of souls. Amen.

POPE LEO'S NOVEMBER PRAYER INTENTION

For the proper use of wealth.

Let us pray for the proper use of wealth, that not succumbing to the temptation of selfishness,
it may always be put at the service the common good and solidarity of those who have less.

lepra

Health. Inclusion. Innovation.

Today 459 people will be diagnosed with leprosy, more than 23 of these will be children.

Leprosy is a disease that affects the nerve endings in the hands and feet and can affect the blink reflex of the eyelids. If not treated early enough it can cause life-changing disabilities and even blindness. One-in-two people diagnosed with leprosy suffer moderate to severe depression and anxiety due to the prejudice and discrimination associated with the disease. Evidence shows over 3 million people are living with undiagnosed leprosy. 4 million people are living with a life-changing disability caused by leprosy.

But it is curable!

2024 was Lepra's Centenary Year and for over 100 years Lepra's research has led to new and innovative approaches to healthcare programmes. Lepra seeks to provide better detection, treatment and support mechanisms, to advocate for those without a voice, to challenge prejudice wherever it exists, to strengthen local health systems and to help provide sustainable healthcare in partnership with local communities for a future free from the terrible impact of the disease.

To read some real-life stories of some of the beneficiaries whose lives have been changed through the work of Lepra, please visit www.lepra.org.uk.

With your help we can find, diagnose and treat more people affected by leprosy so that they will have a brighter future, full of hope.

If you would like further information, please contact

Please help us beat leprosy – even the smallest contribution can help treat and rehabilitate people trapped by this disease
